SKILLS

Languages:	C++, Python, C, Java
Tools/Platforms:	MongoDB, MS SQL Server, Git, GitHub
Soft Skills:	Problem-Solving, Team Player, Adaptability, Team leader

PROJECTS

Fitness and Diet Tracker <i>HTML5, CSS3, JavaScript, Node.js, Express.js, MongoDB</i>	May' 26
- Developed the backend of a full-stack fitness and diet tracking application, building REST APIs with Node.js and Express.js to support meal logging, workout logging, and progress tracking - Engineered formula-based calculation logic to compute calories, protein, and fiber intake from user-logged meal data. - Implemented user authentication (login/signup) and integrated MongoDB to persist user profiles, meal logs, and workout history.	
Anand Education Center <i>React.js, Node.js, Express.js, MongoDB</i>	June' 26
- Designed and developed a full-stack website for an educational institute end-to-end, independently handling both frontend and backend development. - Built a React.js frontend presenting comprehensive institute information — courses, faculty, and admissions details — backed by a Node.js/Express.js REST API server. - Implemented an authenticated admin panel for secure management of website content, with MongoDB used to store and manage site data..	
BMI Calculator <i>HTML5, CSS3, JavaScript</i>	Dec' 24
- Built a responsive BMI calculator with a clean, intuitive interface that computes Body Mass Index from user-input height and weight, with instant client-side calculation and BMI category classification. - Implemented real-time input validation and dynamic result updates to provide accurate BMI calculations and user-friendly feedback. - Designed a mobile-responsive interface using CSS3 with clear visual hierarchy, ensuring a consistent experience across different screen sizes.	

TRAINING

Summer Training and Internship — Lovely Professional University (LPU)	June' 26 – Aug' 26
Data Structure & Algorithms using C++	
Completed an intensive 50-day training program in Data Structures & Algorithms using C++, building a Bank Queue Management System with queue-based logic — strengthening backend logic-building and problem-solving skills applicable to full-stack development.	

CERTIFICATES

Database Management System <i>Oracle</i>	May' 26
Artificial Intelligence and it's management <i>Oracle</i>	Apr' 26

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology	Aug' 24 – Present
Computer Science and Engineering; CGPA: 8.64	
S.K.M.R.D.D College	Vaishali, Bihar
Intermediate	Mar' 23 – May' 24
PCM; Percentage: 61%	
K.C.I Rajapakar	Vaishali, Bihar
Matriculation	Mar' 20 – May' 22
PCM; Percentage: 68%
